PROFESSIONAL SUMMARY

UI/UX Designer & UI Developer with 4 years of experience designing responsive web and mobile interfaces and translating business requirements into user-centered digital experiences. Skilled in Figma, UI design, UX research, wireframing, user flows, high-fidelity design, prototyping, usability testing, responsive design, and front-end development using HTML5, CSS3, JavaScript, and Bootstrap. Experienced collaborating with product managers and developers throughout the design-to-development process to create intuitive, consistent, and functional interfaces.

CORE COMPETENCIES

UI/UX Design • Figma • User Research • User Flows • Wireframing • High-Fidelity Design • Prototyping • Usability Testing • Interaction Design • Responsive Web Design • Web & Mobile UI • User-Centered Design • Design Handoff • Front-End Development • HTML5 • CSS3 • JavaScript • Bootstrap • Cross-Functional Collaboration

PROFESSIONAL EXPERIENCE

Ayotta Technologies | UI Developer | Coimbatore | Oct 2022 – Present

- Design responsive web interfaces including navigation, search experiences, buttons, forms, layouts, and reusable UI patterns using user-centered design principles.
- Translate business and product requirements into user flows, wireframes, high-fidelity UI designs, and interactive prototypes using Figma.
- Collaborate with product managers and developers to understand requirements, refine user journeys, and translate designs into functional interfaces.
- Conduct usability testing and user feedback analysis to identify pain points and improve navigation, interaction patterns, and overall usability.
- Design and refine responsive interfaces across desktop, tablet, and mobile screen sizes while maintaining visual consistency and usability.
- Support the design-to-development handoff, communicating UI specifications, and collaborating with developers to achieve accurate front-end implementation.
- Build and support front-end interfaces using HTML5, CSS3, JavaScript, and Bootstrap, bridging design concepts with functional web experiences.

Ayotta Technologies | UI/UX Designer Intern | Coimbatore | Jul 2022 – Sep 2022

- Designed web and mobile interfaces using wireframes, high-fidelity UI designs, mockups, and interactive prototypes.
- Worked with product managers and developers to gather requirements and translate them into intuitive user interfaces.
- Iterated designs based on user feedback and project requirements to improve usability, consistency, and visual quality.
- Supported delivery of user-centered and scalable UI solutions aligned with product and business requirements.

PROJECTS

SmartInvest – Investment Dashboard | UI/UX Design

Figma | Dashboard Design | Data Visualization | Responsive UI

- Designed an investment dashboard presenting portfolio performance, stock values, market data, and financial insights through a structured interface.
- Created dashboard components including performance cards, charts, navigation, filters, and portfolio overview sections.
- Applied information hierarchy, visual consistency, responsive design, and clear data presentation to improve the usability of financial information.

Promopix – Template Creation Mobile App | UI/UX Design

Figma | Mobile UI | UX/UI Design | Interactive Prototype

- Designed a mobile application concept for creating and customizing promotional templates and visual content.
- Created screens for template discovery, onboarding, content creation, and editing workflows.
- Designed high-fidelity mobile interfaces with clear navigation, visual hierarchy, and consistent UI components.

SkyRoutes – Travel Booking Platform | UI/UX Design

Figma | Web UI | Travel UX | Responsive Design

- Designed a travel booking platform focused on destination discovery and travel experiences.
- Created visually engaging layouts using clear navigation, content hierarchy, and responsive design principles.
- Developed high-fidelity UI concepts and prototypes for the travel platform.
